

HELLO

thank you

for purchasing

a **GSM SHIELD**!

ARDUINO

ARDUINO AND TELEFÓNICA
HAVE JOINED FORCES
TO CONNECT YOUR ARDUINO
TO THE WORLD.

To get started visit
ARDUINO.BLUEVIA.COM

- 1 sign up for Bluevia
- 2 confirm the email
- 3 click the Arduino Banner
- 4 click "Activate SIM"
- 5 enter your SIM number
- 6 purchase some credit

7 insert your SIM card
into the GSM Shield
YOU'RE READY TO GO:

ARDUINO.CC/GSM SHIELD

You can also use arduino.bluevia.com
to check the current coverage, prices,
libraries and terms and conditions
for your country.

OPEN - SOURCE ELECTRONICS PROTOTYPING PLATFORM

**THE GSM SHIELD WAS
DEVELOPED WITH:**

Telefónica

BlueVia

m2m

We are really excited by the potential that our GSM SHIELD enables and cannot wait to see what you create.

If you think your Arduino setup is great, take a picture or record a video of your creation and tweet a link @BlueVia and we will add it to our wall of fame!
